# Live Classes

Each course is a 4 credit hour offering approved for both MN and WI insurance CE.

DAY	A	B	C	D
8:00 a.m. to 11:50 a.m.	Making Money	Global Perspective of Healthcare	Ethics: Should the Majority Rule?	MA Eligibility & LTC Partnership <b>REQUIRED</b>
12:45 p.m. to 4:35 p.m.	Impulsive Financial Moves	ACA: State Exchanges	Ethical Evolution	Ethical Evolution

Classes are approved for four hours Insurance Continuing Education (CE) in both Minnesota and Wisconsin regardless of the location you attend. Ethical Evolution and Ethics: Should the Majority Rule both meet the ethics requirement for MN & WI resident agents. There is no limit on the number of ethics hours an agent receives. You could attend both these ethics courses and still renew your license. MA Eligibility & LTC Partnership is ClearCert approved and satisfies the subsequent 4 hour refresher course for the "MA Eligibility & the LTC Partnership Program" in Minnesota.

## Making Money

U.S. monetary policy and budget concerns have a far reaching scope in our economy and even of the economies abroad. With the Federal Reserve at the helm, this course explores a whole range of federal policies and legislation including the history and current status of our tax system; historic financial crises and reform to protect Americans to determine, "Are we making too much money?"

## Impulsive Financial Moves

Too often our clients move hastily into something without all the information needed to make a wise decision—topping the list is credit choices. In this course we will explore various credit and purchase options, the credit scoring process, and protection against identity theft.

## Ethics: Should the Majority Rule?

In some ethical dilemmas, there may be times when the conduct of the "majority" isn't really the right course of action. Through a discussion of a variety of different scenarios related to government regulation, business practices and the insurance industry, we'll attempt to determine when doing what is right means stepping away from the crowd.

This course meets the ethics requirement in both MN & WI.

## Ethical Evolution

What we believe is right changes over time and can vary by cultural factors—this is also true of the workplace. By looking at some work environments made popular through television like Mad Men, Mary Tyler Moore, and even Archie Bunker, we'll determine what's changed and what might forever stay the same in the world of business ethics.

This course meets the ethics requirement in both MN & WI.

## Global Perspective of Healthcare

Healthcare varies across the globe as countries make different attempts to ensure their population is adequately provided care, but who has taken the best stance? By reviewing the famously quoted World Health Organization ranking with other relevant data and diving into a Frontline piece comparing reform of five developed nations, we hope to find what the U.S. can learn from the successes and failures of other nations in the world.

## Affordable Care Act: State Exchanges

This course takes an in-depth look at several key points of the Affordable Care Act including coverage mandates, payment systems, and new taxation. We will also explore two different state's response to the exchange mandate, Minnesota's state run option, MNSure; and Wisconsin's federal option, in an effort to determine which option is truly better for the consumer.

## MA Eligibility and LTC Partnership Program

**REQUIRED**

The market of LTC Insurance is constantly changing and the Medical Assistance (MA) Partnership initiative is at the forefront. This course offers current information on partnership legislation, but also enhances your education of the senior market.

ClearCert Approved. Satisfies the subsequent 4 hour refresher course for the "MA Eligibility & the LTC Partnership Program" in Minnesota.

**We offer CE classes that give agents:**

- information of value to your business or personal finances
- involvement in your learning experience
- entertaining and engaging presentations
- interesting topics with relevant examples

## Some of the BEST service in the industry!

- Credits reported daily—many times within hours of course completion
- You'll get your certificate immediately after all of our classes
- Staff available most evenings & weekends via email to assist you
- Easy to follow online technical support available 24/7

Great value for classroom CE!
