Insurance Continuing Education

VENTURES, INC. **2024-2025**

Over 30 years' experience enhancing the education of insurance and investment professionals.

Each course is approved for 4-hours of Insurance Continuing Education in Iowa, Minnesota, and Wisconsin. AM classes begin at 8 a.m. ~ PM courses begin at 12:30 p.m. (central).

SERIES	A	B	C	D	E
DAY ONE	Building Abundance	Economic (In) Equality	Making Money	Financial Fractures	Retiring Healthy & Well
DAY TWO	Ethics: Ethical Evolution	Ethics: What would you do?	Best Interest - Annuities	Ethics: Where'd you get that story?	Ethics: Is it Black & White?
DAY THREE	Living Your Best Retirement	Global Perspective of Healthcare	Middle Class Gap	MA Eligibility & LTC Partnerships	World Healthcare

The courses with ETHICS in the title meet the ethics requirement for IA, MN & WI resident agents. Multiple ethics courses can be taken in the same renewal period and qualify. MA Eligibility & LTC Partnership satisfies the subsequent 4 hour refresher course for the "MA Eligibility & the LTC Partnership Program" in Iowa and Minnesota. Best Interest Standards of Conduct for Annuity Sales qualifies for the required course to sell annuities to Minnesota residents.

INSURANCE

Best Interest Standards of Annuity Sales

This course offers the need-to-know information about annuities to satisfy the education requirement under Minn. Stat. MN 72A.2033.

What Should We Do About Healthcare?

In ranking after ranking, America lags other developed nations in offering affordable healthcare solutions. Through a variety of resources, we hope to answer the question, "What should we do about healthcare?"

MA Eligibility & LTC Partnership Program

This course offers the required information on partnership legislation and also enhances your education of the LTC market so you are better able to inform your clients of various coverage options.

Satisfies the 4 hour refresher for the "MA Eligibility & the LTC Partnership Program" in Iowa and Minnesota. Also approved for MN Mortuary Science General CE.

Global Perspective of Healthcare

Healthcare varies across the globe as countries make different attempts to ensure their population is provided care, but who has taken the best stance? In this class, we hope to find what the U.S. can learn from other nations.

PLANNING

Retiring Healthy & Well

We look forward to retiring, but it's not fun if our health doesn't allow us to enjoy it. This course explores the science of aging well to reduce healthcare costs and get more out of retirement.

Living Your Best Retirement

Most of us work hard all our lives to finally enjoy retirement. We look at pivotal ways to ensure we can help our clients surpass their ideals by getting the most out of our savings and social security.

Middle Class Gap

The wealth gap between the middle class and the very rich is ever widening. We explore common causes to help our clients get back on track.

ETHICS

Ethics: Is It Black and White?*

It should be simple, but it's not always easy to determine the "right" action. Sometimes, our bias gets in the way. Considering fairness, justice, and equality, we will try to define "What is right?"

Ethical Evolution*

What we believe is right changes over time. By looking at some work environments made famous through television, like The Office, Mad Men and Mary Tyler Moore, we'll determine what's changed and what is the same in business ethics.

Ethics: What would you do? (Fairness)*

Is fairness just a matter of perspective? Or is it an ethical concept for which we should still strive? We'll try to answer that and other matters of equality as we discuss, "What would you do?"

Ethics: Where's You Get That Story? (Truth)*

Many people cite honesty as their first ethical consideration, yet the truth can be hard to come by. We'll explore the falsity in many common beliefs to determine how much we value the truth.

*These courses meet the ethics requirement in IA, MN, & WI.

CONSIDERATIONS

Economic (In)Equality

Wages and wealth distribution for the typical American family have not kept up with key inflation indicators. We'll explore the causes and how we might help our clients stay on track with their financial goals.

Financial Fractures

Recent bank failures, stock volatility, crypto crash, and insurance rates have triggered fears for many Americans. We'll examine common causes and legislation to shore up your clients' financial security.

Making Money

U.S. monetary policy have a far reaching scope in our economy and even of the economies abroad. With the Federal Reserve at the helm, this course explores legislative reform to determine, "Are we making too much money?"

Building Abundance

Our client's financial future is better when the economy is prosperous. We will examine the legislation of successful economic eras to determine how to build abundance for your clients.

We offer CE classes that give agents:

~information of value to your business or personal finances

~involvement in your learning experience

~entertaining and engaging presentations

~interesting topics with relevant examples

What other agents say:

Fun! Seriously.

— Fred Jensen, Financial Advisor,
Edward Jones

Bryan Ventures is the BEST INSURANCE CE! No other CE provider can match the content and engaging presentation.

— James Walker,
Old Northwest Company

I give Bryan Ventures insurance classes FIVE STARS!

They cannot be matched by any other CE provider—simply the BEST.

— Merry Ofstad, US Bank

Hands down the BEST INSURANCE CE classes around!

Greg Kaslow,
— First Service Insurance Agency

BEST locations, BEST topics, BEST discussions!

The ONLY CE I'll use--EVER.

— Dennis Solberg,
Woodbury Financial

Simply the BEST CE!

— Scott Neudecker,
Woodbury Financial

The time in class passed quickly—very useful information. Definitely one of the BEST CE courses I've attended!

James Koca, Agency Manager,
Necedah Insurance Agency
